

# Grid Computing: Expanding Your Computational Power Today

A Boulder Chapter of the ACM Professional Development Seminar

## Presenters

Alain Roy                      roy@cs.wisc.edu  
Carey Kireyev                ckireyev@cs.wisc.edu

## Handouts

There are five handouts:

- A selection of the slides being shown today that highlight the main points
- *An Overview of the Condor System* By the Condor Team
- *The Condor Project*
- *What is the Grid?* By Ian Foster
- *So You Want to Set Up a Grid* By Jennifer Schopf and Keith Jackson

## Presentations

You can find all of the materials being presented today online at:

[http://www.cs.wisc.edu/condor/presentations/boulder\\_acm\\_2004/](http://www.cs.wisc.edu/condor/presentations/boulder_acm_2004/)
