POSITION ANNOUNCEMENT:

The University of Wisconsin-Extension is seeking an Applications Developer with programming experience. The Applications Developer will be responsible for the design, development and administration of enterprise academic and administrative applications including home-grown or vendor applications.

Our applications development team works in a highly collaborative environment with the academic programs, marketing, media services and other members of the information technology group. The Applications Developer will also be an integral member in the innovative efforts of the UW-System-wide initiatives that keep our division on the forefront of technology solutions. This position offers many opportunities to learn new skills and technologies, grow professionally, lead initiatives, and to solve complex problems.

RESPONSIBILITIES:

- Design, develop and maintain applications that support the business needs of the organization
- Help coordinate IT related support issues as it relates to enterprise educational services
- Learn the use of new hardware/software, and development tools and evaluate the impact to the organization in the use of these technologies
- Perform the analysis required to design application software
- Perform the analysis required to ensure data security and optimal application performance
- Serve as team member of various cross-functional teams to explore and improve upon existing systems and technologies
- Prepare reports and presentations as requested or necessary

MINIMUM QUALIFICATIONS:

- Bachelor degree in Computer Science or related area
- Excellent written and verbal communication skills
- Ability to work collaboratively with other functional team areas
• Programming experience in any of the following .NET, VB/VB Script, JavaScript, PHP, SQL, PL/SQL, HTML and CSS
• Knowledge of relational database concepts and data modeling
• Knowledge of database design and development software

ENSURE CONSIDERATION:
Applications will be accepted and reviewed until the position is filled. For best consideration, please apply by Monday, October 12, 2015.

APPLICATION PROCEDURE:
A complete application will include the following:

• A professional resume.
• A letter of interest addressing the applicant qualifications and experience as they relate to the responsibilities of the position.
• Names, email, addresses, and telephone numbers of three professional references including at least one current or past supervisor.
