LEGO Lab Instructor

- Madison Children’s Museum
- Madison, WI
- Website: http://madisonchildrensmuseum.org/
- Two week position: June 23rd – 27th & June 30th – July 3rd, 12:30pm - 5:30pm
- Paid position, $750 for two-week term
  - Instruct children ages 9-12 during two week-long camps at the Madison Children’s Museum focusing on LEGO NXT Mindstorms Software. Take campers through the basics of brainstorming, design, prototyping, and having fun while embracing failure and trying again!
  - Simple camp description: Step into our LEGO Lab to create your own sculptures and experiment with different motors, sensors, and various doodads to design and build your own robotic contraption.
- Degrees and/or experience required:
  - Computer Science, familiarity with simple computer programming, LEGO NXT software, or similar programming like SCRATCH. Experience working with children and/or confidence in dealing with a group of children with the help of assistants and volunteers, all applicants must pass a background check.
- To apply email Tim Dreyer at tdreyer@madisonchildrensmuseum.org
- Deadline for applying is April 1st 2014
