**Programming Instructor - Part-Time**

Working with Maydm means impacting the lives of young people by teaching real-world STEM skills with courses in programming, engineering and computer science. If you are excited about unlocking students creativity and curiosity, this position is for you!

Maydm is a non profit organization with a mission to providing students with technical skills and exposure to pursue opportunities in the technology sector.

We are seeking an enthusiastic undergraduate or graduate student to teach 6th -8th graders teaching students web development through CSS, HTML, and Javascript using our curriculum.

**Qualifications:**
- Enjoys teaching and working with kids
- Classroom teaching experience and/or summer or after after school programming experience or similar for grades 6th-8th
- Technology or computer science background (HTML, CSS, and Javascript knowledge)

**Requirements:**
- Excellent communication skills with kids
- Strong classroom management skills
- Fun, engaging, and creative
- Detail-oriented and organized
- Reliable and responsible
- Must pass background check

Diverse candidates encouraged to apply

We are seeking an individual with availability on the following Mondays and Wednesdays 4:30-5:30PM (January 23 - March 31st) and times:

There are also opportunities to instruct other classes for upcoming spring and summer classes.

Location: Elver Park Neighborhood Center
Compensation: $14-$16 an hour

Please submit a resume to hello@maydm.org by 1/13/2017 detailing your experience working with students and a list of three references.
