Tech Ambassador - Part-Time

Working with Maydm means impacting the lives of young people by teaching real-world technology skills with courses, resources, and information. If you are excited about unlocking students creativity and curiosity, this position is for you!

Maydm is a non profit organization with a mission to providing girls and students of color with technical skills and exposure to pursue opportunities in the technology sector.

We are seeking an enthusiastic undergraduate or graduate student to share their passion about technology with young people and the community. Essentially, you will be our voice in the community and act as a bridge between Maydm and the public in order to inspire emerging youth to get involved in the technology field. As a Tech Ambassador, you will not only contribute to your local community, but you also will improve your own professional skills, experience, and confidence.

The role will include helping Maydm develop resources, writing articles, making program descriptions, developing creative ideas for programming, and potentially leading educational workshops for students grades 4-12. We are looking for someone who can work 10-12 hours a week. Role may include some evening or weekend hours during occasional events. The role ends Dec. 16th with the possibility to extend.

Qualifications:
- Background in IT, Information Sciences, or Computer Science
- Prior experience working with youth
- Excellent communication and writing skills
- Detail-oriented and organized
- Reliable and responsible
- Must pass background check

Diverse candidates encouraged to apply.

Compensation: $14-$15 an hour

Please submit a resume to hello@maydm.org by 10/05/2016 detailing your experience working with students, why you would like to work with Maydm, and a list of three references.
