Accenture CIO Summer Analyst
Location: Chicago

Join Accenture and help transform leading organizations and communities around the world. The sheer scale of our capabilities and client engagements and the way we collaborate, operate and deliver value provides an unparalleled opportunity to grow and advance. Choose Accenture, and make delivering innovative work part of your extraordinary career.

People in the Corporate Function career track contribute to the running of Accenture as a high-performance business through specialization within a specific functional area, and grow into internally focused roles by deepening their skills and/or developing new skills within an internal functional area.

The CIO Organization is a world-class, global and rapidly evolving IT organization with the courage, ability and capabilities to drive Accenture’s digital agenda. We are setting the industry benchmark for visioning and creating the global social enterprise. We will accelerate the deployment of leading-edge technologies which enable our people and which our clients seek to replicate. Members of the Accenture CIO organization:

- Contribute to a global network of talented IT consultants across the business, enabling high-performance by creating and delivering Accenture’s business applications and technology infrastructure.
- Collaborate and innovate to connect our people with the technology they need to build market relevant skills and be impactful to the business.
- Assist in development and testing of new business processes, capabilities, and, as appropriate, their supporting technologies
- Continually experience new and engaging opportunities, challenging work, flexibility, career sponsorship and mentoring, and recognition for our contributions – throughout the journey. Living the adventure.

About Accenture

Accenture is a leading global professional services company, providing a broad range of services and solutions in strategy, consulting, digital, technology and operations. Combining unmatched experience and specialized skills across more than 40 industries and all business functions – underpinned by the world’s largest delivery network – Accenture works at the intersection of business and technology to help clients improve their performance and create sustainable value for their stakeholders. With more than 411,000 people serving clients in more than 120 countries, Accenture drives innovation to improve the way the world works and lives. Visit us at www.accenture.com.

Applicants for employment in the US must have work authorization that does not now or in the future require sponsorship of a visa for employment authorization in the United States and with Accenture (i.e., H1-B visa, F-1 visa (OPT), TN visa or any other non-immigrant status).

Candidates who are currently employed by a client of Accenture or an affiliated Accenture business may not be eligible for consideration.

Accenture is an EEO and Affirmative Action Employer of Females/Minorities/Veterans/Individuals with Disabilities.

Equal Employment Opportunity

All employment decisions shall be made without regard to age, race, creed, color, religion, sex, national origin, ancestry, disability status, veteran status, sexual orientation, gender identity or expression, genetic information, marital status, citizenship status or any other basis as protected by federal, state, or local law.

Job candidates will not be obligated to disclose sealed or expunged records of conviction or arrest as part of the hiring process.

Accenture is committed to providing veteran employment opportunities to our service men and women.

How to Apply

You must complete an online application to be considered for an interview. Apply Now: Visit careers.accenture.com/jobs and search for Job Number 00509855

Guidelines

If you previously applied for a position at Accenture (e.g., internship), use the User ID and password you created at that time.

To save your application and come back to it at another time please ensure you have completed the page you are working on, after which you can save your application and return to it later. You will need your log-in user name and password to do this – make sure to note it for future reference. Please note that you must fill in all asterisk (*) fields to move to the next page.

Required fields
1. Please indicate how you heard about our job opportunities.
   a. **Source Type:** University Recruiting
   b. **Specific:** Career Center (do not select University Career Center)
   c. **Personal Information:** Enter all relevant information

2. Employment Questionnaire page – Please make sure to answer all of the questions on this page.
   d. **Job Specific Questions** – Please answer all questions on this page.
   e. **Work History & Education** – Please complete this section with all of your work experience and education to date.
      i. Please fill in the name of the company, the dates of employment, your responsibilities, your supervisor name, supervisor number, and “May we contact your supervisor” (must be answered with “Yes” or “Yes, After Offer”).
      ii. Please complete the schools you have attended, the dates of attendance, education level, Overall GPA (not rounded), and percentage of degree already completed.

3. Document Attachment – Please attach a resume and transcript to your application

4. Review your entire application and upon verifying the information is accurate, click submit

If you confront any technical difficulties along the way please use the Help function.

After submitting your application, you will receive system-generated acknowledgment(s) from “Human Resources”. Note that this does not mean you have been selected to interview with Accenture.
