UX/UI Intern Part Time

Are you passionate about creating user driven interfaces that make technology simple and intuitive? Do you have an artistic flair that when combined with technology creates a WOW experience? Are you looking for an opportunity to make an impact during the early design stages of a real product for a true global company? IFS in Brookfield, WI has an opportunity for you to develop new skills in a top rated, growing software company. We are looking to hire a UX and/or UI Intern who is passionate about the user experience and the overall impression the final product provides.

Why IFS? IFS has an entrepreneurial team culture that encourages flexibility and having fun. Your assigned projects will provide you the opportunity to jump start your career by using the latest languages and tools and working closely with Subject Matter Experts. You will be using your new skills to create innovative products for a top rated application that is used by a global customer base.

If you:
- Have an interest in User Centered Design and Web Design with respect to User Experience and the User Interface
- Are passionate about creating products that are user friendly, adaptable and appealing
- And have strong communication skills, a positive attitude and empathy

you may be the person we are looking for!

At IFS you will find a culture second to none – one that is aligned to a unified goal based on team work and driven by passionate people who love what they do and want to see results. At IFS, we are an agile company that believes in work life balance, having fun and working in a positive environment. We have been identified as one of the 50 Best Work Places in 2016 by Silicon Review Magazine and our FSM product has been rated as a Leader in Gartner’s Magic Quadrant for Field Service Management.

Skills/Requirements
- Completed at least two years towards an undergraduate degree in Software, Human Factors, Human Computer Interaction, Graphic Design or similar
- Hard worker with a relentless drive to do high quality work
- Quick, independent learner, eager to acquire new skills and exhibits a thirst for knowledge
- Demonstrated ability to create Web Designs with the user in mind
- Have transportation to and from work
- Unrestricted authorization to work in the US on a permanent basis.
